020-002-0120 TV Damper

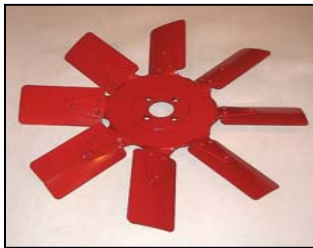

This has been made from all new tooling with modern bonding methods to ensure the durability and improved balancing techniques of this vital part

020-005-0001 Water pump assembly

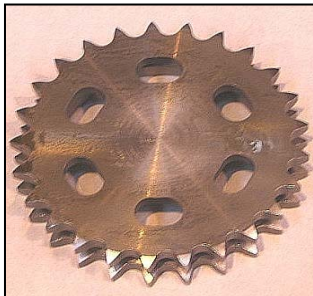

These are produced from all new parts, and assembled in our workshop Casting material is to modern, high quality specification

020-005-0004 Engine cooling fan

Finished in the original Red and produced on original tooling

020-007-0115 Camshaft sprocket  
020-007-0116 Camshaft sprocket washer

To ensure your chains remain tensioned check and replace if necessary

020-007-0701 Rotor arm

These have been reproduced from new tooling and feature the 'waisted' blade to give added security

**Comments**

048-008-0210 Air filter housing (does not come with filter)

These have been reproduced from new tooling

055-010-0181 Engine mounting rubber DB5 and DB6

Produced from all new tooling with modern bonding methods

042-010-0192 Engine damper

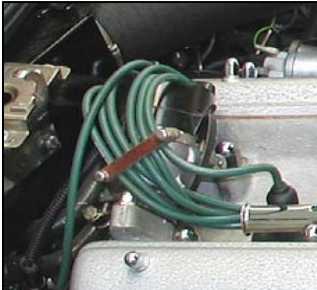

069-043-0007 Head gasket set

048-043-0119 Bottom end gasket set

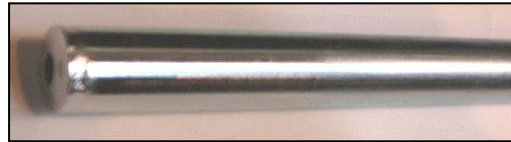

All the basic gaskets for an overhaul or decoke, inlet manifold and Carburettor gaskets are supplied seperately because of the different options fitted.  
All the gaskets required for that bottom end overhaul

Part Number	Description	Comments
07-27355	Ignition lead set	Suitable for all cars with the side entry Distributor cap, complete with inner and outer shrouds. Lead material is of modern, high performance specification. Discreetly branded with the Aston Martin wing.
		
50304	Lead set clamp assembly	
		
020-007-0006	Ignition lead tube	Fully plated, suitable for DB5 and DB6 Models
021-007-0006	Ignition lead tube	Suitable for twin plug DB4GT Cars only
		
048-050-0254	Single groove crankshaft pulley	The standard pulley suitable for DB4 and DB5, used in conjunction with 048-050-0262 to create the three groove version used on the DB6. Also for the DB5 with Power Steering and/or Air Conditioning
		
048-050-0262	Twin groove crankshaft pulley	Used with the 048-050-0254 to create the 3 groove version used on all DB6. Also for DB5 with Power steering and/or Air Conditioning.

024-001-0011 Dipstick tube

Engine Dipstick tube, fully plated to finish that engine bay restoration

027-034-0102 Fuel tank sender unit RH

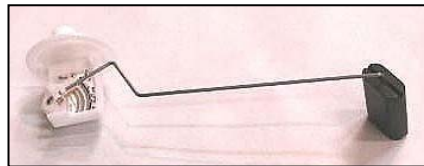

050-034-0103 Fuel tank sender unit LH

Suitable for all Convertible / Volante cars and Saloons with twin tanks

Suitable for all Convertible / Volante cars and Saloons with twin tanks

052-034-0102 Fuel tank sender unit

Suitable for all single tank cars to complement the new range of gauges

34-27345 Fuel pick up kit - Single tank

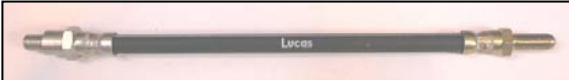

Complete kit utilising modern reliable technology for all single tank cars.

34-27346 Fuel pick up kit - Twin tank

Complete kit utilising modern reliable technology for all twin tank cars

Part Number	Description	Comments
32-26984	Hose kit	Set of hoses with thermostat and gasket, for all DB5 and DB6 The kit offers a cost saving of 25% over the individual piece prices.
		
020-033-0105	Clutch slave cylinder	Sited on the clutch housing - essential to the smooth operation of the clutch
		
052-033-0153	Slave cylinder feed hose	Flexible hose linking the reservoir to the Slave Cylinder
		
053-033-0104	Clutch Master cylinder	Just as important as the slave to ensure smooth gear selection
		
052-010-0164	Manual transmission rubber mount	Metal / Rubber combined mounting - can often be the cause of vibrations when worn, now has Metric threads, not UNF.
		

**Part Number****Description****Comments**

095-010-0102 Automatic transmission rubber mount

Smaller version of the above mount, now has Metric threads, not UNF.

064-011-0753 9 1/2" Borg and Beck Clutch assembly  
048-011-0757 Conversion kit to 9 1/2" Borg and BeckFully balanced to reduce vibration, comes complete with flywheel and ring gear.  
Supplied with the balanced assembly and all fittings to convert from 10" Laycock.

020-023-0132 Front road spring

Suitable for DB4, DB5 and DB6 Saloon and Convertible models  
Accurately made using modern, durable steel

020-023-0703P Steering arm

Machined from solid to original drawings

020-026-0138 Rear road spring  
055-026-0138 Rear road springSuitable for DB4 and DB5 Saloon and Convertible models  
Suitable for DB6 Saloon and Volante models

23-26989 Front Suspension rubber kit

Overhaul kit for the front of all DB5 and DB6 Models  
A cost saving of 30% over the price of individual items

23-27755 Lower ball joint kit  
23-26982 Ball joint overhaul kit

Complete kit for one side, to overhaul the lower king pin  
Complete set of four ball joints, for that total rebuild giving a cost saving of 30% over the individual piece prices.  
**An important MOT failure point and critical to safety**

26-26993 Rear suspension rubber kit

Overhaul kit for all DB5 and DB6 Models (excludes radius arm bushes)  
giving a cost saving of 25% over the individual piece prices.

**PLEASE NOTE THIS KIT DOES NOT INCLUDE SHOCKER LINK 055-026-0155**

073-026-0101 Rear hub assembly RH  
073-026-0102 Rear hub assembly LH

Suitable for DB6MK2 Models  
Suitable for DB6MK2 Models
