

We would like to remind all DBS and DBSV8 owners that the Four Headlamp grille assembly is available to special order.

They are being manufactured using the original tooling and, where possible, parts. Each is assembled and finished by hand to a mirror like shine.

### **DBS Grille Assembly - 069-071-0005**

**To order these or any other Heritage parts please contact one of our Heritage Specialists or Main Dealers, details of which can be found by following the link on this page.**
