

**Part Number**

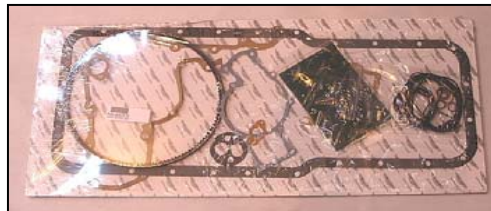

**Description**

020-002-0120 T V Damper

This has been made from all new tooling with modern bonding methods to ensure the durability and improved balancing techniques of this vital part

069-043-0007 Head gasket set  
048-043-0119 Bottom end gasket set

Suitable for the DBS cars  
Suitable for the DBS cars

080-043-0007 Head gasket set  
080-043-0119 Bottom end gasket set

Suitable for the V8 Bosch Fuel Injection cars  
Suitable for the V8 Bosch Fuel Injection cars

069-002-0111 4 groove crankshaft pulley

Suitable for the DBS cars

069-050-0201 12 bladed engine cooling fan

Suitable for the DBS cars

095-010-0101 Engine rubber mounting

Metal / rubber combination mount - often the source of unwanted vibrations when worn or broken

692506 Engine bump stop

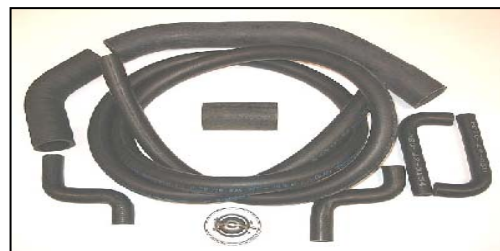

Fitted on the engine mounting bracket - acting as an extra bump stop

32-26985 Cooling hose kit

Suitable for the DBS cars, this kits offers a 30% saving over the individual items

32-26986 Cooling hose kit

Suitable for the V8 Fuel Injected cars and early Carburettor cars, offering a 30% saving

080-034-0115 Tank sender unit

Suitable for the DBS and DBSV8 Cars

069-034-0110 Locking ring for above sender

069-034-0111 Seal for above sender

Knock on ring for all versions of Tank sender units

069-068-0020 Fuel filler hoses

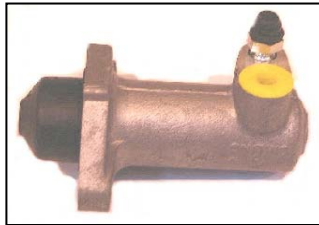

Can be the source of fuel smells - but often forgotten or overlooked

053-008-0014 Fuel gallery

Weber Carburettor fuel rail, fully plated, made on original tooling

020-033-0105 Clutch slave cylinder

Sited on the clutch housing - essential to the smooth operation of the clutch

052-033-0153 Slave cylinder feed hose

Flexible hose linking the reservoir to the Slave Cylinder

053-033-0104 Clutch Master cylinder

Just as important as the slave to ensure smooth gear selection

052-010-0164 Manual transmission rubber mount

Metal / Rubber combined mounting - can often be the cause of vibrations when worn

095-010-0102 Automatic transmission rubber mount

Smaller version of the above mount

23-27755 Lower ball joint kit ( 1 side only)  
23-26982 Complete ball joint kit

Complete kit for one side, to overhaul the lower king pin  
Complete set of four ball joints, for that total rebuild giving a cost saving of 30% over the individual piece prices.

**An important MOT failure point and critical to safety**

23-26989 Front suspension rubber kit  
23-26990 Front suspension rubber kit

Suitable for the DBS cars, all the parts for that long awaited overhaul  
Suitable for the DBSV8 Cars, all the parts for that overhaul before the MOT

The kits include tab washers and nuts and represent a 28% saving on individual prices.

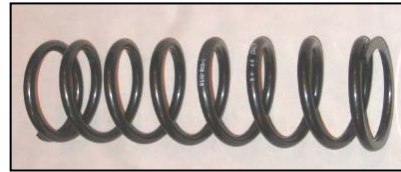

26-26994 Rear suspension rubber kit

This kit includes the spring metacone, differential mounts and watts link bushes offering a 20% saving over individual parts

**Please note this kit does not include the Shock Absorber links 068-026-0012**

020-023-0132 Front road spring  
055-026-0138 Rear road spring

DBS Front and Rear road springs are manufactured from high specification materials and competitively priced

080-023-0111 Front road spring  
069-026-0137 Rear road spring

DBSV8 Front and Rear road springs are manufactured from high specification materials and competitively priced

020-026-0136 Rear spring metacone bush

020-026-0154 Rear spring rubber seat

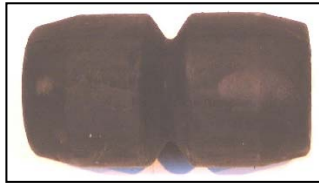

Sited at the top of the rear springs, frequently overlooked but essential to good handling and roadholding

068-026-0012 Rear shock absorber link

Used on all AMV8's up to VIN 11622, Lever arms only

080-026-0104 Rear spring bump stop

Fitted inside the rear spring, a much forgotten but important part

691279 Steering column rubber coupling

Flexible rubber joint - fitted to all AMV8 Models  
**An important MOT failure point and critical to safety**

33-27802 Brake Master Cylinder RHD

This kit comes complete with fittings and full instructions,  
We have taken full advantage of modern production methods and advanced  
anti corrosion coatings.

069-036-0101 Chrome Wire road wheel

020-029-0120 Pedal gaiter  
048-029-0118 Cover plate for gaiter

Gaiter situated at the base of the Brake and Clutch pedal  
Plate to retain gaiter - finished in polished condition

020-029-0141 Pedal pad

Foot pad and also modified to fit on Foot rest (when fitted)

048-028-0120 Front brake disc

DBS front disc - solid version for all six cylinder cars

055-028-0759 DBS Front brake pad set

068-028-0101 Rear brake disc

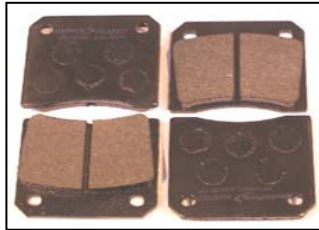

DBS rear disc - solid version for all six cylinder cars

080-028-0003 Rear brake disc

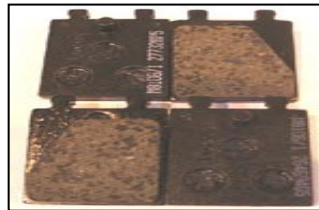

3 piece rear disc assembly - fully balanced

080-028-0701 Rear brake pad set

Utilised on DBS and DBSV8 Models

069-028-0700 Handbrake pad set

Utilised on DBS and DBSV8 Models

095-028-0111 Front brake disc RH  
095-028-0112 Front brake disc LH  
080-028-0717 Front brake pad set

Slotted face brake disc for DBSV8 Models
