

We would like to remind all owners of the Virage that we are able to supply a modern replacement for the fuel pump.

The kit consists of;

- Modern electronic fuel pump.
- Machined adaptor with banjo fitting.
- Specially moulded right angle fuel hose.
- Bonded seals for fitting to the distribution block.
- Complete with full fitting instructions

Kit part number: 34-27732

To order these or any other Heritage parts please contact one of our Heritage Specialists or Main Dealers, details of which can be found by following the link on the News page.
