

Part Number

Description

Engine and components

020-002-0120 T V Damper

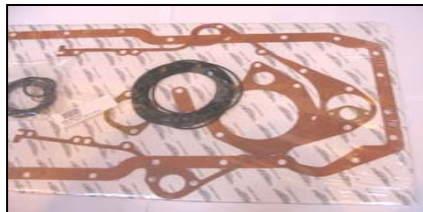

Made from all new tooling with modern bonding methods to ensure the durability of this vital part. Improved tolerances over original ensure high specification balance limits.

43-55742 Head gasket set

Complete set of gaskets for a Decoke or Top end rebuild, does not include Silicone sealant

43-55743 Bottom end gasket set

Complete set of gaskets for the completion of a bottom end rebuild, does not include Silicone sealant

Part Number

Description

Gearbox and drivetrain

093-002-0101 Torque converter - drive plate
42-61643 Torque converter - drive plate

Fitted only to cars with 3 speed Automatic gearbox
Fitted only to cars with 4 speed Automatic gearbox

081-031-0717 Gearbox tailshaft seal

Often the source of those annoying little drips on the garage floor.

093-031-0701 Transmission oil filter
081-031-0730 Sump pan gasket

Part of the servicing schedule to maintain the performance of your gearbox
Required when replacing filter above

Used on 3 speed and 4 speed Automatic Gearbox

Part Number

Description

Gearbox and drivetrain

44-16813 Oil cooler  Fitted only to cars with 3 speed Automatic gearbox

42-62864 Oil cooler
42-64754 Oil cooler  Fitted only to cars with 4 speed Automatic gearbox - to VIN 60192
Fitted only to cars with 4 speed Automatic gearbox - from VIN 60193

08-26191 Kickdown cable  Suitable for all Auto gearboxes

33-53928 Clutch master cylinder 

020-033-0105 Clutch slave cylinder 

Part Number

Description

Suspension and Steering

23-26992
26-26995

Front Suspension bush kit
Rear Suspension bush kit

Rebuild kit for standard suspension
Rebuild kit including differential mounts and A frame mounting

26-54813

A Frame front mounting

Produced from new tooling utilising modern bonding methods

26-55588

Rear shock absorber

Suitable for all standard cars - must be replaced in pairs

23-55587

Front shock absorber

Suitable for all standard cars - must be replaced in pairs
