ASTON MARTIN ULTIMATE TRACK DRIVING EXPERIENCES

FEEL THE POWER

Get ready for an unforgettable celebration of speed and pure driving excitement at one of the UK's most spectacular race tracks – Anglesey Circuit, where sweeping coastal views meet the thrill of performance driving.

Supercharged Anglesey is your chance to experience the circuit like never before, whether you are behind the wheel of one of our track-prepared Aston Martins or bringing your own road or race car.

We have curated the event to give every driver a truly rewarding experience.

Sessions are split by car type, ensuring balanced pace groups and safe, spirited driving for all levels.

This is more than just a track day, it is a chance to become part of a community of passionate thrill seekers who share your enthusiasm.

ABOUT

Set along the stunning coast of North Wales, the Anglesey Circuit which is also known by its Welsh name Trac Môn, offers one of the most picturesque and technically rewarding motorsport venues in the UK.

Sitting on historic land formerly used by the British Army and Royal Air Force during the Second World War, the original circuit opened in 1997 in a 1mile layout.

In 2006 the track underwent major reconfiguration and extension, giving rise to the current International layout which is 2.10 miles / 3.38 km long.

Whether you are a driving enthusiast looking for an unforgettable scenic track day or a racer seeking a demanding and technical circuit, Anglesey offers something special. With its rich history, dynamic layout and incredible setting, it stands out as a destination.

DETAILS

DRIVING COACHES

Every driver will be paired with one of our expert coaches for the day, each a race winning professional with extensive experience and an in-depth understanding of the Aston Martin models. Their guidance will ensure you get the very best from the car while developing your own high-performance driving skills.

PRE EVENT DRIVING SIMULATOR, BANBURY

Sharpen your skills and boost your circuit knowledge before hitting the track with a complimentary session at Base Performance Simulators.

Whether you're preparing for your first track day or chasing those final tenths, their state-of-the-art simulators let you learn the track, refine your technique, and dial in your race craft in a controlled, high-fidelity environment.

With professional guidance and data driven feedback, you can arrive on track already up to speed maximizing your time, improving consistency, and unlocking a faster, safer for more rewarding on track experience.

Not available to race car package participants
